Subject: Please do not threaten local jobs

I want to make sure the federal government doesn't send a big bill to business and households for the river cleanup.

The amount of wages generated by companies in the Portland harbor help so many families put food on the table. We all support a clean Willamette River but it's also crucial that the cleanup is flexible and not be so expensive that it threatens local jobs.

I would guess that you'll get a ton of comments. I just hope that you remember that the river here is important for our recreation but that it also supports our jobs and helps put food on our tables.

Sincerely,
